About me

Master's degree student in Naval and Yacht Design at the University of Genoa – La Spezia Campus. Interested in joining a professional design studio where I can apply the skills acquired during my studies, deepen my understanding of the design process, and further develop my expertise in the fields of design and yachting. My main strengths lie in 3D modelling and rendering, with a particular focus on creating detailed models and high-quality visualisations.

Professional Experience

11.2023 – 12.2023
External Collaborator - TORGGLER SRL
Production of detailed renderings for the technical brochure "Posa del serramento."

09.2024 – 11.2024
Internship - FULVIO DE SIMONI YACHT DESIGN
• Detailed design and 3D modelling of yacht exteriors.
• 3D modelling of built-in and freestanding yacht furniture.

03.2023 – PRESENT
Interior Designer / Render Artist - MARINARREDA SRLS - Carrara
• Development of floor plans and interior elevations.
• Creation of accurate 3D models to represent architectural projects, with particular attention to interior design.
• Rendering and post-production for high-quality visual presentations.

Education

2020 - LICEO SCIENTIFICO G. MARCONI – CARRARA (MS)
Scientific High School Diploma

2025 - UNIVERSITY OF GENOA – LA SPEZIA CAMPUS
Bachelor's Degree in Yacht Design

2025 – PRESENT - UNIVERSITY OF GENOA – LA SPEZIA CAMPUS
Master's Degree in Naval and Yacht Design
